

# FINAL YEAR PROJECTS

## APPLICATION PROJECTS 2016 – 2017

### ANDROID PROJECTS

S.NO	PROJECT CODE	TITLE OF THE PAPER	YEAR
1	IDA01	Andro WORDPRESS: WORDPRESS blogging using android	2016
2	IDA02	Android event scheduler reminder application	2016
3	IDA03	Authentication schemes for session passwords using color and images	2016
4	IDA04	Bluetooth based chatting system using android	2016
5	IDA05	Concise range queries system	2016
6	IDA06	Dynamic Google remote data collection	2016
7	IDA07	Extended mobile Captcha implementation	2016
8	IDA08	ibus: Chennai MTC bus info system	2016
9	IDA09	iflat: Flat ranking model using android	2016
10	IDA10	ihealth: Patient health record system	2016
11	IDA11	imed: Self diagnosis system for disease treatment	2016
12	IDA12	Restaurant Table Order Management System	2016
13	IDA13	iteeth: Dental hub on android	2016
14	IDA14	Mobile Geo data collection security for client site	2016
15	IDA15	Mobile phone based drunk driving detection system	2016
16	IDA16	Multi-user mobile Bluetooth two way text chat	2016
17	IDA17	Nearest ATM mobile navigation through global positioning system	2016
18	IDA18	Organization business communication & planning's through mobile remote server	2016
19	IDA19	Portable learning language system	2016
20	IDA20	Quantitative and qualitative mobile data collection	2016

21	IDA21	Route Navigation through Global Positioning System	2016
22	IDA22	iShopping: Nearest Shopping Location Identifier	2016
23	IDA23	Software version self update for android mobile applications	2016
24	IDA24	Text to speech in android	2016
25	IDA25	The application protector for mobile manual security	2016
26	IDA26	Advanced GPS Location finder to identify Hospital Location	2016
27	IDA27	WIG: Weather Index Guide	2016
28	IDA28	Free Voice Calling In Wifi Campus Network Using Android	2016
29	IDA29	iRail: Railway Reservation Using Android App	2016
30	IDA30	FTP For Android	2016
31	IDA31	QuickPro: An advanced m-learning system	2016
32	IDA32	An efficient Image Search System in Android	2016
33	IDA33	Efficient and Secure Message passing system using new key distribution scheme	2016
34	IDA34	A Secured payment scheme method to avoid Frauds.	2016
35	IDA35	A Secured Cloud based data storing system	2016
36	IDA36	User preference based Mobile search engine	2016
37	IDA37	iRecommend: User Ranking based Recommendation System	2016
38	IDA38	Color based Pattern Lock System	2016
39	IDA39	A Secure Access Control system in Cloud	2016
40	IDA40	Emergency Alert System using Android Text Message Service	2016
41	IDA41	Online Student Attendance Management System using Android	2016
42	IDA42	DroidMat: Android Malware Detection	2016
43	IDA43	Mobile Computing Optimal Uplink Query Processing	2016
44	IDA44	Safety Alarm by Using GPS in Android	2016
45	IDA45	VNC Architecture Based Remote Desktop Access Through Android Mobile Phones	2016
46	IDA46	Friend Mapper and Open GPS Tracker System	2016
47	IDA47	Android Remote PC Control	2016
48	IDA48	Campus Navigation for Blind People on Android Devices (Pondicherry University Campus)	2016
49	IDA49	Location Based Early Disaster Warning and Evacuation System on Mobile Phones	2016
50	IDA50	Speech to Text	2016
51	IDA51	Android Call Skipper	2016

52	IDA52	Enhancing Driving through Driving Assistance System Android Application	2016
53	IDA53	Dynamic Personalized Movie Recommendation System	2016
54	IDA54	Location based Spatial Queries in Mobile Environments	2016
55	IDA55	Twitsper: Tweeting Privately	2016
56	IDA56	Meetup: Secure encounter based Social Networking	2016
57	IDA57	CloudFTP: A free Storage Cloud	2016
58	IDA58	Doctor-Patient Interaction System Based on Android	2016
59	IDA59	Android City Tour Guide System	2016
60	IDA60	A Mobile Phone Based Medicine In-take Reminder and Monitor	2016
61	IDA61	Android Leave Management System	2016
62	IDA62	Bank Account Tracker For Android	2016
